MINISTRY OF FOREIGN TRADE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 13th April, 1970

SUBJECT:—*Grant of import licences for raw materials and components to actual users in the small scale sector, during April 1970—March 1971—items licensable on restricted basis.*

No. 55-ITC(PN)/70.—Attention is invited to the import policy for actual users for the period April 1970—March 1971, as contained in Vol. I of the Red Book in terms of which certain items are licensable to actual users on a restricted basis only. It has been decided that, in respect of such items, imports may be allowed to small scale units subject to value limits or face value restrictions as indicated in the Appendix to this Public Notice.

2. Where a restricted item appears in licences issued to an actual user against different modes of financing for the same licensing period, and the licensee wishes to import such an item against one of these licences only, the request will be considered on merits. In such a case, the licensing authority will endorse one of the licences making it valid for the import of that item for the aggregate value for which it was permitted against all the licences, and simultaneously delete the said item from the remaining licence(s).

APPENDIX

Value limits or face value restrictions.

1. Except for items mentioned in para 3 below, imports in respet of each item licenciable on restricted basis appearing in a licence, will be allowed for a value equal to 10 per cent of the face value of the licence or Rs. 5,000 whichever is less, within the overall value of the licence.

2. In the case of existing units eligible to priority treatment and preferred sources of supply in terms of paragraphs 21, 22 and 24 of Section I of the Red Book (Vol. I) for April 1970—March 1971, the value limit of Rs. 5,000 referred to in (1) above, or the limit applicable to the concerned item under para 3 below will be doubled subject to a limit of Rs. 10,000 or the maximum value limit indicated against any particular item.

3. In respect of the under-mentioned items, the value limits or face value restrictions will be as indicated against each :—

S. No. and Part of he I.T.C. Schedule	*Description of item*	*Percentage of face value restriction in relation to the total value of the licences*
Part I		
39—A	Steel castings (unmachined) above 10 M.T. piece weight.	10%
39-B	Alloy steel castings (unmachined) above 3 M.T. piece weight.	10%
40	Unmachined steel forgings	10%
42	Copper scrap whether ingotted or otherwise .	10%
57(e)	Industrial coil springs, flat and other formed springs including precision springs excluding hair springs for whatches, clocks etc.	5% or Rs. 5,000 whichever is less.
PART II		
9(a)	Machine steel balls above 9/16" dia . .	5%
9(b)	High precision steel balls conforming to AFBMA grade 5, 10 and 15.	5%
12	(i) Aluminium wire rods having a purity of 99·5% or more for the manufacture of ACSR all aluminium conductors and covered aluminium conductors.	10%
	(ii) Aluminium electrodes	10%
	(iii) 34 gauge and thinner gauge aluminium strips in coils required for making antibiotic vial caps (for drugs and pharmaceutical industry).	10%
	(iv) Aluminium strips of less than 12·5 mm width for manufacture of zip festeners.	10%
13	E. C. grade aluminium	10%
16(b)	Sintered parts other than Oilite bushes .	25% or Rs. 5,000 whichever is less.
31(c)(ii)	Out board motors above 5 H.P. . . .	Applications will be considered in consultation with D.G. T.D.

S. No. & Part of the I.T.C. Schedule	Description of item	Percentage of face value restriction in relation to the total value of the licence.
Part II (contd.)		
33-B	(i) Gas compressors and spare parts thereof for vanaspati and sugar industry. (ii) Spare parts of Air Compressos (for Vanaspati, Sugar and Tea industry and for Textile Mills).	Applications will be considered on the recommendation of the sponsoring authorities concerned.
34(b)	Power driven pumps and pumping sets. (The requirements will be met from the stocks imported by the S.T.C.)	Applications will be considered in consultation with D.G. T.D.
36 (1-4)	Safety equipment required by collieries.	Applications will be considered on the recommentation of the sponsoring authority concerned
39 (c)	Flame proof fittings	Do.
Part III		
1 (f)	1. Ethyle cellulose	10%
	2. Methyle Cellulose	10%
1-B	*Dyes-intermediates the following* :	
	1. Acetoacetanilide	10%
	2. Acetoacet-o-chloroanilide	10%
	3. Acetoacet-o-toluidine	5%
	4. Acid Anthranilic	5%
	5. 1-Aminoanthraquinone	10%
	6. Amino Iso Gamma Acid	5%
	7. 1-Amino 2-Naphthol 4-Sulphonic Acid	5%
	8. 1-Amino 6-Nitro 2-Naphthol 4-Sulphonic Acid	5%
	9. Anthraquinone	10%
	10. O-Anisidine	20%
	11. P-Anisidine	20%
	12. Benzoyl-J-Acid	5%
	13. Beta-oxynaphthoic Acid (B.O.N. Acid)	20%
	14. 3-Carboxy 1-(p. Sulphophenyl) 5-Pyrazolone	5%
	15. C-Acid (2-chloro-5-Toluidine-4-Sulphonic acid/Sodium salt).	5%
	16. Chicago Acid	10%
	17. 1-Chloroanthraquinone	10%
	18. 4-Chloro-2-Nitroaniline	10%
	19. 5-Chloro-o-toluidine	5%
	20. 1-4- Diamino-anthraquinone	10%
	21. 1-5 Diaminoanthraquinone	5%
	22. 2-6 Diamino-Anthraquinone	10%
	23 1·5 Dibenzoyl Naphthalene	5%
	24. 2·5 Dichloroaniline	5%

S. No. & Part of the ITC Schedule	Description of item	Percentage of face value restriction in relation to the total value of the licence.
Part III—(contd.)		
1-B (*contd.*)		
	25. Diethyl Meta Aminophenol	20%
	26. Di-J-Acid	5%
	27. 2·5 Dimethyle-4-Chlorophenyl Throglycolic Acid	5%
	28. Diphenylamine	20%
	29. G-Salt	10%
	30. Gamma Acid	10%
	31. H-Acid	20%
	32. J-Acid	20%
	33. J-Acid Urea	10%
	34. Laurent's Acid	5%
	35. M-Chloroaniline	5%
	36. N.W. Acid	5%
	37. Naphthionic Acid/Sodium Naphthlonate	10%
	38. Napthol ASG	20%
	39. 2-Naphthyl Thioglycolic Acid	5%
	40. O-Nitroanisole	5%
	41. p-Nitroanisol	5%
	42. p-Nitrosophenol	5%
	43. O-Chloroaniline	5%
	44. Para Amino Benzoic Acid	5%
	45. Para Nitro Benzoic Acid	5%
	46. Peri Acid	5%
	47. Phenyl J. Acid	10%
	48. Phenyl Methyl Pyrazolone	5%
	49. Phenyl Peri Acid	10%
	50. Quinizarine (1-, 4-dihydroxyanthraquinone)	5%
	51. Resorcinol	5%
	52. Rhoduline Acid	5%
	53. R. Salt	5%
	54. Schaeffer's Acid	10%
	55. Tobias Acid	10%
	56. o-Toluidine	20%
	57. p-Toluidine	20%
	58. p-Toluidine-5-Sulphonic Acid/Sodium Salt.	5%
5-A	Machine cloth	Applications will be considered on the recommendation of the Textile Commissioner, Bombay.

S.No. & Part of the ITC Schedule	Description of item	Percentage of face value restriction in relation to the total value of the licence
Part IV.		
87-109	*Drugs and medicines, the followings* :—	
	1. Absorbable Gelatine sponge	2½%
	2. Acetarsol	2½%
	3. Aluminium Glycinate	2½%
	4. Aluminium hydroxide gel	2½%
	5. Calcium D-Saccharate	2½%
	6. Calcium Gluconate, injectable grade only	2½%
	7. Calcium lactate	10%
	8. Calamine	10%
	9. Glycerophosphoric acid and its salts	2½%
	10. Heparin	2½%
	11. Lignocaine	10%
	12. Liquid Paraffin of Pharmacopoeial grade	5% or Rs. 2,500/- whichever is less.
	13. Noscapine (Narcotine)	2½%
	14. Nickethamide	10%
	15. Potassium Hydrogen Tartrate (Cream of tartar)	2½%
	16. Potassium sodium tartrate (Rochelle salt)	2½%
	17. Potassium Iodine	2½%
	18. Procaine Hydrochloride	2½%
	19. Silver protein, mild and strong	2½% or Rs. 1,250/- whichever is less.
	20. Sodium Cyclamate	2½%
	21. Sodium Iodide	2½%
	22. Succinyl Choline Chloride	2½%
	23. Trichlorethylen of Pharmacopoeialgrade	5%
	24. Tetrachlorethylene of Pharmacopoeialgrade	5%
	25. Sulphadimidine	2½%
	26. Vitamins D2 and D3	2½%
	27. Amidopyrine	2½%
	28. Analgin	2½%
	29. Phenobarbitone	2½%or Rs. 1,250/- whichever is less.
	30. Piperazine and its salts	Do.
	31. Chloramphenicol powder	5%
	32. Chloramphenicol palmitate	5%
	33. Chloramphenicol succinate	5%
	34. Streptomycine sulphate	10%
	35. Tetracycline base	20% or Rs. 10,000 whichever is less.
	36. Tetracycline Hydrochloride	Do.

S.N. & Part of the ITC. Schedule.	Description of item	Percentage of face value restriction in relation to the total value of the licence
Part IV—contd.		
127-129	Citronella oil for manufacture of Aromatic chemicals namely Geraniol, Citronellol and Hydroxlitronelcal.	20% or Rs. 10,000/- whichever is less.
130	Essential oils synthetic	5% or Rs. 2,500/- whichever is less.
244	Sheet glass above 6·5mm and below ·8 mm thickness for end uses other than cover slips.	20%
286 (b)	Letter types for typewriters	20%
	Photographic instruments, apparatus and appliances, other than cinema, all sorts, n.o.s. and parts thereof.	Applications will be considered in consultation with D.G.T.D.
337	Empty hard gelatine capsules of sizes other than 3,4 and 5.	40% or Rs. 20,000/- whichever is less.
Part V.		
17(b)	White oil	Applications will be considered in consultation with the Ministry of Petroleum and Chemicals and Mines and Metals.
17(c)	Liquid Paraffin	5% or Rs. 2,500/- whichever is less.
22,31	*Chemicals, the following* :	
	1. Acetanilide	5%
	2. Acetic Acid	10% or Rs. 20,000/- whichever is less.
	3. Acitic Anbydride	10%
	4. Acetyl Acetone	10%
	5. Acid Citric	10%
	6. Activated carbon	5%
	7. Ammonium Nitrate of explosive grade .	2½% or Rs. 1,250 - whichever is less.
	7-A Ammonium Thiocyanate . . .	5% or Rs. 2,500/- whichever is less.
	8. Amyl Alcohol	10%
	9. Antimony Oxide	10%
	10. Arsenic Trioxide and Arsenic pent-oxide.	5% or Rs. 2,500/- whichever is less
	11. Benzoyl peroxide.	2½%
	12. Bromine	20%
	13. Butyl alcohol (Butanol)	2½%
	14. Case hardening compound . . .	5% or Rs. 2,500/- whichever is less.
	15. Chlorinated Diphenyls	10%
	16. Diethylamine	2½%
	17. Dimethyl sulphate	5% or Rs. 2,500/- whichever is less.

S.No. & Part of the I.T.C. Schedule	Description of item	Percentage of face value restricton in relation to the total value of the licence
Part V—contd.		
22,31 contd.		
	18. E.D.T.A. and its sodium salts	5% or Rs. 2,500 - whichever is less.
	19. Ethyl aceto-acetate or aceto acetec ester	20%
	20. Ethylene glycol including di and poly glycol	2½%
	21. Hydrogen peroxide	5%
	22. Isobutyl Alcohol	2½%
	23. Isopropyl (Organic acetate)	5% or Rs. 2,500/-whichever is less.
	24. Iso Propyl Ether	5%
	25. Laurel Peroxide	2½%
	26. Methyl Ethyle Ketone Peroxide.	2½% or Rs. 1,250/- which ever is less
	27. Metol	5% or Rs. 2,500/- whichever is less.
	28. Mono chloro Acetic Acid and its sodium salts cosity	2½% or Rs. 1,250/- whichever i less.
	29. Nitrocellulose other than 15-20 seconds viscosity.	10%
	30. Octanol/Iso-Octanol/2-Ethylhexanol.	5%
	31. Ortho Toluene Sulphonamide	5% or Rs. 2,500/whichever is less
	32. Phosphoric Acid	5% or Rs. 2,500/wnichever is less
	33. Phosphorous pentoxide	5% or Rs. 2,500/- whichever. less 6
	34. Picolines, Alpha, Beta, Gamma	2½%or Rs 1,250/- whichever is less.
	35. Postassium Carbonate	Do.
	36. Pyridine base and pyridine technical	5%
	37. Solvent Naptha (light and heavy);	10%
	38. Styrene	2½%
	39. Submerged arc welding fluxes	5%
	40. Tri-sodium phosphate	2½% or Rs. 1,250/- whichever is less.
	41. Vinyl Chloride.	2½%
34-37(d)	*Raw materials for paints, the following* :	
	1. Antimony oxide (Painter's grade)	10%
	2. Chlorinate Disphenyls	10%
	3. Tricresyl phosphate	10%
	4. Nitro cellulose chips.	10%
	5. Nitrocellulose other than 15-20 seconds viscosity	10%
	6. White sprits/Mineral turpentine	10%
	7 Solvent Naptha (Light and Heavy)	10%
	8. Polyvinyl Butyral resin	10%
41(iv)	Rubber battery containers (for battery manufacturers)	5%
68(b)	Rubber hoses required for oil industry	Applications will be considered in consulatation with D.G.T.D

S.No. and Part of the ITC Schedule	Description of Item	Percentage of face value restriction in relation to the total value of the licence.
Part V—contd.		
76(C)	Needles for all industrial sewing machiness	5% or Rs. 1,250/- whichever is less.
79	1. Diagnostic equipment over and above 500 MA capacity	Applications will be considered in consulation with D.G.T.D. (Instruments Directorate
	2. X-Ray therapy, gammaray therapy equipment	
93-94 (a)(iv)	Rough blanks other than bifocal blanks	75%
93-94(e)	Surgical and scientific instruments (for hospitals, educational and technical institutions etc.)	Applications will be considered on merits.
93-94(j)	Dental instruments, equipment and appliances and parts thereof nos (For hospitals)	Applications will be considered on merits.
110	Nickel catalyst (For Vanaspati industry)	Applications will be considered on the recommendation of the Directorate of Sugar and Vanaspati
111	Phenol formaldehyde moulding powerder	5%
113	Pearlascent variety of acrylic plastic sheets	25%
116(iv)	Epoxy resins	20% or Rs 10,000/- whichever is less.
122(i)	1. Polyester film for industries other than metallic yarn	10%
	2. Polyester laminated films	15%
	3. Polyester metallised films	15%
	4. Polyvinyl butyral resin sheets for manufacture of safety glass	10%
	5. Other items falling under this Sub-S.No.	10%
122(iii)	Activated bleaching earth for cotton seed oil required by Vanaspati Industry	Applications wil be considered on the recommendation of the Directorate of Sugar and Vanaspati.
122(xxv)	Items other than nylon moulding powder (Polyamide)	10%
122(xli)	Alabaster	10%
Appendix 45	Clock oils for manufacture of pendulum clocks	5% or Rs. 2,500/- whichever less

MINISTRY OF FOREIGN TRADE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 14th April 1970

SUBJECT:—*Import of raw materials, components and spares by actual users in the small scale sector during April 1970—March 1971—Modes of financing.*

No. 56-ITC(PN)/70.—Attention is invited to the policy for the grant of import licences for raw materials, components and spares to actual users in the small scale sector, as contained in the Import Trade Control Policy (Red Book-Vol. I) for the period April 1970—March 1971.

2. It has been provided in paragraphs 21, 22 and 24 of Part 'A' of Section I of the aforesaid policy book that industrial units which are exported 10 per cent or more of their production during the year 1969 will be eligible for the import of their requirements from the preferred sources of supply.

3. It has accordingly been decided that, in the case of units which have exported 10 per cent or more of their production during the year 1969, but have exported less than 25 per cent of their production, the licensing authorities may grant licences for the import of raw materials and components for the year 1970-71 by adopting the following modes of financing :—

(i) Two-thirds of the value of the import licence may be allowed against free foreign exchange (or I.D.A. Credit in the case of I.D.A. industries).

(ii) The balance one third of the value may be allowed against any available foreign credit other than I.D.A. credit. If there is a minimum value prescribed for such foreign credit which is more than one-third, the

licence will be issued for the prescribed minimum value with corresponding reduction in the value of the licence to be issued under (i) above.

4. In the case of units which have exported 25 per cent or more of their production during the year 1969, the entire value of import licence for raw materials and components for the year 1969-71, may be issued against free foreign exchange (or I.D.A. credit in the case of I.D.A. industries).

5. Industrial units, whether engaged in priority or other industries, which have not exported atleast 10 per cent of their production during the year 1969, will not be eligible to preferred sources of supply as indicated in paragraphs 3 and 4 above. In the case of such units, the licensing authorities may consider applications for raw materials, components and spares by adopting the following modes of financing :—

(i) Half of the value of the licence to be issued will be against free foreign exchange (or I.D.A. credit in the case of I.D.A. industries).

(ii) the balance half of the value of the licence to be issued will be either against U.S. AID for import from U.S.A. or against Rupee Payment for import from rupee payment area. While applying for licences, the applicants should give their option whether a licence may be issued to them against U.S. AID or Rupee Payment Area. Where an applicant does not give his option to this effect in his import application, it will be open to the licensing authority to issue the licence against any of these modes of financing.

6. An import licence against U.S. AID will be issued to an applicant only if its value is not less than the minimum value limit of Rs. 82,500 prescribed under U.S. AID. Such applicants can, however, nominate an agent or indenting house or STC/MMTC or any other public sector agency, to receive the import licence on their behalf. For this purpose, the applicant should furnish an undertaking, on a plain paper with his import application to the licensing authority, to the effect that he shall receive the imported goods from the nominee and use them in his factory. On receipt of the undertaking, the licensing authority, if it approves the nominee and the proposed arrangement, will inform the applicant that he has been permitted to obtain import licence in the name of the nominee in question for import from U.S.A. under U.S. AID. On the basis of such nominations, as accepted by the licensing authority, the nominee can make a request for the grant of a bulk licence in his name. Such request should be made on a plain paper, accompanied by (i) a list indicating the names of actual users on whose behalf the import is sought to be made, and the value of the goods in each case, and (ii) copies of letters issued by the licensing authority to the actual users concerned, permitting them to import the goods through the said nominee. The following condition shall be imposed on the licence :—

"This licence has been issued on behalf of the applicants whose names appear in the attached list. The licensee shall import the goods and distribute them to these applicants for the value indicated against each. The goods so distributed will be subject to the usual actual user conditions."

7. Units engaged in priority industries are required to submit separate applications for import of spare parts. Import licences for spare parts to such units will be issued against modes of financing depending upon the country of origin of the machinery for the maintenance of which the spare parts are sought to be imported.

8. Requests for conversions from one mode of financing to another will not be entertained.

9. The modes of financing indicated in this Public Notice will not apply in cases where the requirements of actual users are bulked through public sector agencies in terms of para 57 of Part 'B' of Section I of the Import Trade Control [illegible] April 1970—March 1971.

10. In the case of new units in the small scale sector the modes of financing will be the same as applicable to non-exporting units i.e. the units which exported less than 10 per cent of their production during 1969. The basis of licensing for new units for 1970-71 will be announced separately.

11. The provisions of this Public Notice will also apply to the non-SSI units looked after by the State Directors of Industries or State Drugs Controllers or State Directors of Fisheries or Executive Director, and Nutrition Board, Government of India.

R. J. REBELLO,
Chief Controller of Imports and Exports.
